TODDLERS (0-4 YEARS)

Safe, sensory-rich spaces designed for early exploration and joyful movement. Soft landscapes, shallow water play, and shaded courts encourage curiosity while keeping comfort and safety at the core.

FAMILIES (ALL AGES)

Shared spaces that bring everyone together. From celebration lawns and multipurpose halls to pools and trails, these amenities are crafted for bonding, gatherings, and everyday togetherness.

CHILDREN (5-12 YEARS)

A world built for energy, imagination, and play. From active sports and skating to interactive water features and games, these spaces help children learn, socialize, and grow through movement and fun.

PET OWNERS (ALL AGES)

A dedicated space where pets can run free and socialize safely. Designed to be clean, secure, and enjoyable, it ensures pets are as welcome and cared for as their owners.

TEENAGERS (13-18 YEARS)

Dynamic zones that balance fitness, competition, and recreation. Courts, gyms, and entertainment spaces give teens room to build confidence, express themselves, and stay actively engaged.

BANG ON THE PUNE–BENGALURU HIGHWAY

The project is located directly on the main highway, so it's easy to spot even from a distance; thousands of footfalls without much effort.

YOUNG ADULTS (19-35 YEARS)

Designed for ambition, balance, and community living. Fitness zones, co-working spaces, social hubs, and wellness areas come together to support both productivity and relaxation.

FANTASTIC CONNECTIVITY

Strategic connectivity that brings schools, workplaces, and healthcare within easy reach. Evo offers a location that supports comfortable, stress-free family living.

MIDDLE-AGED ADULTS (36-55 YEARS)

Thoughtfully curated for wellness, calm, and connection. Lush gardens, fitness paths, quiet leisure rooms, and meeting spaces offer a perfect blend of activity and retreat.

WELLNESS & MINDFULNESS (CROSS-AGE)

Spaces that encourage slowing down and reconnecting with oneself. Meditation zones, aroma gardens, healing pathways, and illuminated sculptures create a calming environment for all ages.

SENIOR CITIZENS (56+ YEARS)

Comfortable, accessible spaces focused on health, relaxation, and social interaction. Gentle pathways, calming water features, shaded seating, and medical support ensure peace of mind and ease.

AMPLE OXYGEN AND VITAMIN D

Over 66% of the project is covered in green spaces and it has been designed in a manner that most of the spaces, inner as well as outer, get sufficient daylight and sun during various times in the day, reducing the need for artificial lighting.
