THE BIRTH OF AURUS

Luxury keeps evolving. So does its definition. As lifestyles transform, the way we look at luxury changes. From grandeur and glitz, it has moved towards experiences that change the way you feel. Experiences that bring a greater sense of ease, space and belonging. That became the guiding thought behind **Aurus**.

WAKAD PRIME

Aurus by Austin is a meticulously planned residential address where luxury is expressed through careful intent, precision, and thoughtful separation. Conceived as a low-density development with only four residences per floor, **Aurus** ensures that the privacy of its residents remains uncompromised.

Intentionally limited in scale, **Aurus** is not built for the many…it is built for the select few with a taste for the extraordinary.
